WHAT WE'LL COVER

THE WITHDRAWAL AGREEMENT (2020)

We'll explore the legal and practical changes resulting from the UK's departure from the EU, with a focus on **free movement of workers** and **social security coordination**. What protections remain in place for those who moved before Brexit? How clear are they and how well are they working in practice? What enforcement mechanisms are there?

THE TRADE AND COOPERATION AGREEMENT (2021)

This section will discuss the UK-EU Trade and Cooperation Agreement with a focus on the provisions on **coordination of social security benefits** including personal and material scope.

THE UK-EU RESET

We'll also examine the **UK-EU Reset** that's currently underway. This political dialogue aims to rebuild trust and address key challenges post-Brexit, setting the stage for enhanced cooperation. This part will focus on the proposed **UK-EU youth mobility scheme** and the **coordination of social security benefits**.

REAL-WORLD IMPACT ON MOBILE WORKERS

In this session, we will discuss the practical challenges faced by workers who have moved between the UK and EU both before and since Brexit. From **residence rights** and **recognition of qualifications** to social security and **access to healthcare**, we'll cover the most common issues and provide key suggestions on how workers can navigate these complexities.
